The 9 Most Frequently Asked Questions

Q: "Can I register even if I don't yet have a product to sell?"

A: Of course. Over the years, about 72% of Alex's students do NOT have a product or service to sell when they start taking his tele-trainings. Module 1 is specifically tailored for you because you'll learn the 4 simple steps to uncover your Message and how to find your Market niche for the ideal Message-to-Market match.

Q: "Will I get 1-on-1 coaching if I have specific questions?"

A: Yes. Each week (for a full year) you'll get 1-on-1 access to our head coach who will answer your specific questions and even your "Study Buddy" is invited to attend. These weekly tele-coaching sessions are on Tuesday nights (6pm Pacific) and last 2 full hours.

Q: "How soon will I get access to the course materials?"

A: All new students and their "Study Buddies" will get their User Name and Password via email within 1 business day of your order and registration being confirmed as the "primary" student.

Q: "What should I do first upon entering the Members area?"

A: Sit back, relax and watch the 59-minute "Quick Start" video which is specifically designed to give you a complete overview of how to consume the audio trainings in a step-by-step basis.

Q: "What are the specifics of your refund policy?"

A: If this training doesn't exceed your expectations, you may receive a full refund within 30 days of registering. Once we receive your "LearnPod" (if you received one at the event) you'll be promptly credited the tuition you paid within 5 business days.

The 9 Frequently Asked Questions (cont.)

Q: “How does the 4-pay financing payment plan work?”

A: Your 4-pay financing plan is designed to accommodate your cash flow. After your first finance payment is confirmed, your payments will be processed every 30 days and completed in 90 days.

No further financial obligations or commitments will be expected on your part and you'll have lifetime access to the course materials.

Q: “Will my Study Buddy get access to all course materials?”

A: Yes, absolutely. The purpose of having a hand-picked “Study Buddy” (or “Accountability Partner”) to experience the course materials with you is to get maximum results in minimum time.

Most students discover that their web master or executive assistant are the ideal “Study Buddies.” (Spouses are not recommended).

Q: “How much working capital is required to run a wildly successful small business that’s driven by Teleseminar marketing?”

A: If you’re a start-up, you’ll need \$80 to \$220 each month to cover the costs of your e-business tools, website development, etc.

Q: “What’s a reasonable 90-day goal I can expect to achieve?”

A: Your single most important goal as a Teleseminar marketer is to turn into a Professional by quickly making your first dollar.

It takes ONE dollar to move from an amateur to a professional. It is now within your reach! It’s Alex’s aim to assist you to “turn-Pro” within the first 90 days after starting Teleseminar Secrets™ training!
